

Ideas from brainstorming 9/21/99 and 9/2/99 (with Marilyn).

Karen and Paul and Michele will be meeting with the web developer at UW on 10/12/99. We decided we needed to just get started with what we already know, then we can better determine what content and links are needed.

Please send us your suggestions for content and/or organization and links by 10/11. Thanks! Michele
